

HENRY OF NAVARRE IS KING.

Proves His Supremacy by Defeating Domino and Clifford.

DOMINO A SORE DISAPPOINTMENT.

Clifford the Only Opponent the Victor
Had-The Other Events-Nellie D.
Wins at Pimlico.

MORRIS PARK, N. Y., Oct. 6.—The battle for the supremacy of the American running turf was fought on the undulating plains of Westchester this afternoon, and Henry of Navarre won the crown.

The race was a three-cornered special. The one peries Domino and the doughty champion of the New York Club, were beaten, while Henry of Navarre, with \$5,000, was the only stake. The championship was really at issue. The winner of today's race would be allowed to go into winter with the title. Clifford and Nellie D. argued that there was not a pounds difference between the trio. To make matters more than usually interesting, Domino, beaten Henry of Navarre, had also been beaten by him. Clifford had suffered defeat at Domino's hands, and had lowered the colors of the unlucky Henry of Navarre. In all of the meetings since he had won his last two, and each horse had been driven to the utmost limit of endurance to beat the other, with the exception of Domino's race with Clifford, the interest in the former was at its height. The setting of all doubts and disputes as to which was king, Domino was the popular idol and he was the favorite. Clifford was also in much active demand than Henry of Navarre.

Domino Starts.

At 4:20 the bugle call summoned the equine gladiators to the post. Domino showed more temper than usual and a decided reluctance to go to the post, appearing with his drivers a little time to get him to move. Domino was greeted with terrific applause.

Henry of Navarre did not create any excitement when he started slowly past the grand stand to show his colors. Clifford came in for a burst of applause. The 2,000 persons that surged in and out of the grand stand were at once disengaged, though the regular county campaign will not begin until the 15th instant.

Major Charles M. Stedman, formerly of the State, and now a formidable candidate for the United States Senate, has entered the lists in Rutherford county, and is doing noble work.

Indeed, the party throughout this section of the State seems thoroughly aroused.

NELLIE D. WINS AGAIN.

Captures the 2:27 Trot After Losing Two Heads—C. R. Beaton.

The first race was won by that favorite, J. L. Jola. She was a 3 to 5 favorite.

The second event was a good betting affair. Urania ruled favorite at 10 to 1, and won the race after a stirring struggle with Annulus, who came along.

Startling, who had his first big and important win since Sheephead Bay closed its gates, in the Matron stakes a field of sixteen sported silk for the top stakes.

They were off at 10 to 6, with six minutes stretching for a start. The race went to the second favorite, Agitator, who won with comparative ease. The price of \$1000 was paid to the winner.

Dear Sirs, you have no Republican

district, with plenty to spare. Sum-

I am yours truly,

W. H. DEAVER.
YEAR OF INDEPENDENCE.
So this seems to be the year of Independence. Dr. J. S. T. Baird has declared his candidacy as an Independent Democrat against Locke Craig. Another party nomination, together with the usual result in this district promises to be lively before the frost of early November cools the ardor of aspiring politicians.

Both the Populists and the congressional candidates in this district, have invaded Cherokee and disturbed the peace and quiet of that good old county. They are at Andrews yesterday, and from accounts received, are now so rufous as to continue the walloping he began to administer to Richmond here in this city three weeks ago. Every indication points to Crawford's election by a safe major-

The Republicans are quite active in Buncombe, but Democratic speakers are being sent to most of the meetings at every opportunity, though the regular county campaign will not begin until the 15th instant.
